

Production Planning

1.

2. LAUNCH	18
3. PRODUCTION PLANNING	19
4. MODULE DESCRIPTION	20
5. MODULE OVERVIEW	21
6. UNIT 1 – INTRODUCTION	22
6.1. Unit 1 – Introduction.....	22
6.2. Unit Description.....	23
6.3. Unit Overview.....	23
6.4. Lesson 1: Production Planning and Manufacturing	24
6.4.1. Lesson 1: Production Planning and Manufacturing.....	24
6.4.2. Lesson Description.....	25
6.4.3. Lesson Objectives.....	25
6.4.4. Production Planning and Manufacturing — Scenario.....	26
6.4.5. Production Planning and Manufacturing — Definition.....	27
6.4.6. Production Planning and Manufacturing — Definition.....	28
6.4.7. Production Planning and Manufacturing — Scenario.....	29
6.4.8. Production Planning and Manufacturing — Knowledge Check.....	30
6.4.9. Production Planning and Manufacturing — Knowledge Check.....	31
6.4.10. Lesson Summary.....	32
6.4.11. Scenario Build-up.....	32
6.5. Lesson 2: Types of Production	33
6.5.1. Lesson 2: Types of Production.....	33
6.5.2. Lesson Description.....	34
6.5.3. Lesson Overview.....	34
6.5.4. Lesson Objectives.....	35
6.5.5. Topic 1: Discrete Manufacturing.....	36
6.5.5.1. Topic 1: Discrete Manufacturing.....	36
6.5.5.2. Discrete Manufacturing — Definition.....	36
6.5.5.3. Discrete Manufacturing — Characteristics.....	37
6.5.5.4. Discrete Manufacturing — Explanation.....	37
6.5.5.5. Discrete Manufacturing — Other Example.....	38
6.5.5.6. Discrete Manufacturing — Knowledge Check.....	38
6.5.5.7. Discrete Manufacturing — Knowledge Check.....	39
6.5.6. Topic 2: Process Industries.....	39
6.5.6.1. Topic 2: Process Industries.....	39
6.5.6.2. Process Industries — Scenario.....	40
6.5.6.3. Process Industries — Definition.....	40
6.5.6.4. Process Industries — Characteristics.....	41
6.5.6.5. Process Industries — Explanation.....	41
6.5.6.6. Process Industries — Other Example.....	42
6.5.6.7. Process Industries — Knowledge Check.....	42
6.5.6.8. Process Industries — Knowledge Check.....	43
6.5.7. Topic 3: Repetitive Manufacturing.....	43
6.5.7.1. Topic 3: Repetitive Manufacturing.....	43
6.5.7.2. Repetitive Manufacturing — Scenario.....	44
6.5.7.3. Repetitive Manufacturing — Definition.....	44
6.5.7.4. Repetitive Manufacturing — Characteristics.....	45
6.5.7.5. Repetitive Manufacturing — Explanation.....	45
6.5.7.6. Repetitive Manufacturing — Knowledge Check.....	46
6.5.7.7. Repetitive Manufacturing — Knowledge Check.....	46
6.5.7.8. Lesson Summary.....	47
7. UNIT 2 – ORGANIZATIONAL STRUCTURE	48
7.1. Unit 2 – Organizational Structure.....	48

7.2.	Unit Description	49
7.3.	Unit Overview	49
7.4.	Lesson 1 - Units of Organizational Structure	50
7.5.	Lesson Description	50
7.6.	Lesson Overview	51
7.7.	Lesson Objectives	51
7.8.	Organizational Structure — Scenario	52
7.9.	Organizational Structure — Overview	52
7.10.	Organizational Structure — Scenario	53
7.11.	Client — Definition	53
7.12.	Client — Explanation	54
7.13.	Company Code — Definition	54
7.14.	Company Code — Explanation	55
7.15.	Plant — Definition	55
7.16.	Plant — Explanation	56
7.17.	Plant — Explanation	56
7.18.	Storage Location — Definition	57
7.19.	Storage Location — Explanation	57
7.20.	Storage Location — Explanation	58
7.21.	Organizational Structure — Knowledge Check	58
7.22.	Organizational Structure — Knowledge Check	59
7.23.	Organizational Structure — Knowledge Check	59
7.24.	Organizational Structure — Knowledge Check	60
7.25.	Lesson Summary	60
8.	UNIT 3 – MASTER DATA	61
8.1.	Unit 3 – Master Data	61
8.2.	Unit Description	62
8.3.	Unit Overview	62
8.4.	Master Data — Scenario	63
8.5.	Master Data — Scenario	63
8.6.	Master Data — Scenario	64
8.7.	Master Data — Specific to Production Planning	64
8.8.	Lesson 1: Material Master Record	65
8.8.1.	Lesson 1: Material Master Record	65
8.8.2.	Lesson Description	66
8.8.3.	Lesson Objectives	66
8.8.4.	Material Master Record — Scenario	67
8.8.5.	Material Master Record — Definition	67
8.8.6.	Material Master Record — Explanation	68
8.8.7.	Material Master Record — Organizational Levels	68
8.8.8.	Material Master Record — Organizational Levels	69
8.8.9.	Material Master Record — Explanation	69
8.8.10.	Material Master Record — Other Example	70
8.8.11.	Create a Material Master Record	70
8.8.12.	Material Master Record — Knowledge Check	71
8.8.13.	Lesson Summary	71
8.9.	Lesson 2: Bill of Material (BOM)	72
8.9.1.	Lesson 2: Bill of Material (BOM)	72
8.9.2.	Bill of Material (BOM) — Scenario	73
8.9.3.	Lesson Description	73
8.9.4.	Lesson Overview	74
8.9.5.	Lesson Objectives	74
8.9.6.	Bill of Material (BOM) — Definition	75
8.9.7.	Bill of Material (BOM) — Uses	75
8.9.8.	Bill of Material (BOM) — Uses	76
8.9.9.	Bill of Material (BOM) — Explanation	76
8.9.10.	Bill of Material (BOM) — Advanced Functions	77

8.9.11.	Topic 1: Phantom Assembly	78
8.9.11.1.	Topic 1: Phantom Assembly	78
8.9.11.2.	Phantom Assembly — Definition	78
8.9.11.3.	Phantom Assembly — Explanation	79
8.9.11.4.	Phantom Assembly — Uses	79
8.9.11.5.	Phantom Assembly — Explanation	80
8.9.11.6.	Phantom Assembly — Knowledge Check	80
8.9.12.	Topic 2: Co-products and By-products	81
8.9.12.1.	Topic 2: Co-products and By-products	81
8.9.12.2.	Co-products And By-products — Scenario	81
8.9.12.3.	Co-products And By-products — Definition	82
8.9.12.4.	Co-products And By-products — Explanation	82
8.9.12.5.	Co-products and By-products — Other Example	83
8.9.12.6.	Create Co-products in Production Orders	83
8.9.12.7.	Co-products And By-products — Knowledge Check	84
8.9.12.8.	Co-products And By-products — Knowledge Check	84
8.9.13.	Topic 3: Create Alternative Components	85
8.9.13.1.	Topic 3: Create Alternative Components	85
8.9.13.2.	Create Alternative Components — Scenario	85
8.9.13.3.	Create Alternative Components — Definition	86
8.9.13.4.	Create Alternative Components — Explanation	86
8.9.13.5.	Create Alternative Components — Discontinuation Control	87
8.9.13.6.	Create Alternative Components — Types	87
8.9.13.7.	Create Alternative Components — Explanation	88
8.9.13.8.	Create Alternative Components — Other Example	88
8.9.13.9.	Substitute Items in Production Order	89
8.9.13.10.	Create Alternative Components — Knowledge Check	89
8.9.13.11.	Create Alternative Components — Knowledge Check	90
8.9.14.	Topic 4: Create Multiple BOMs	90
8.9.14.1.	Topic 4: Create Multiple BOMs	90
8.9.14.2.	Create Multiple BOMs — Scenario	91
8.9.14.3.	Create Multiple BOMs — Definition	91
8.9.14.4.	Create Multiple BOMs — Explanation	92
8.9.14.5.	Create Multiple BOMs — Explanation	92
8.9.14.6.	Create Multiple BOMs — Scenario	93
8.9.14.7.	Create Multiple BOMs	93
8.9.14.8.	Create Multiple BOMs — Knowledge Check	94
8.9.14.9.	Create Multiple BOMs — Knowledge Check	94
8.9.15.	Topic 5: Create Variant BOMs	95
8.9.15.1.	Topic 5: Create Variant BOMs	95
8.9.15.2.	Create Variant BOMs — Scenario	95
8.9.15.3.	Create Variant BOMs — Definition	96
8.9.15.4.	Create Variant BOMs — Explanation	96
8.9.15.5.	Create Variant BOMs	97
8.9.15.6.	Create Variant BOMs — Knowledge Check	97
8.9.15.7.	Lesson Summary	98
8.9.15.8.	Scenario Build-up	98
8.10.	Lesson 3: Work Center	99
8.10.1.	Lesson 3: Work Center	99
8.10.2.	Work Center — Scenario	100
8.10.3.	Lesson Description	100
8.10.4.	Lesson Objectives	101
8.10.5.	Work Center — Definition	101
8.10.6.	Work Center — Integration	102
8.10.7.	Work Center — Explanation	102
8.10.8.	Work Center — Uses	103
8.10.9.	Work Center — Scenario	103

8.10.10.	Create a Work Center.....	104
8.10.11.	Work Center — Knowledge Check.....	104
8.10.12.	Work Center — Knowledge Check.....	105
8.10.13.	Lesson Summary.....	105
8.11.	Lesson 4: Routing	106
8.11.1.	Lesson 4: Routing.....	106
8.11.2.	Routing — Scenario	107
8.11.3.	Lesson Description	107
8.11.4.	Lesson Overview	108
8.11.5.	Lesson Objectives	108
8.11.6.	Routing — Scenario	109
8.11.7.	Routing — Definition.....	109
8.11.8.	Routing — Explanation.....	110
8.11.9.	Routing — Features	110
8.11.10.	Routing — Features	111
8.11.11.	Routing — Explanation.....	111
8.11.12.	Routing — Uses.....	112
8.11.13.	Routing — Explanation.....	112
8.11.14.	Topic 1: Alternative and Parallel Sequences.....	113
8.11.14.1.	Topic 1: Alternative and Parallel Sequences.....	113
8.11.14.2.	Alternative and Parallel Sequences — Definition.....	113
8.11.14.3.	Alternative and Parallel Sequences — Definition.....	114
8.11.14.4.	Alternative Sequence — Explanation.....	114
8.11.14.5.	Parallel Sequence — Explanation.....	115
8.11.14.6.	Alternative and Parallel Sequences — Explanation.....	115
8.11.14.7.	Create Alternative and Parallel Sequences.....	116
8.11.14.8.	Alternative and Parallel Sequences — Knowledge Check.....	116
8.11.14.9.	Alternative and Parallel Sequences — Knowledge Check.....	117
8.11.15.	Topic 2: Lead-Time Scheduling to Update Material Master Record	118
8.11.15.1.	Topic 2: Lead-Time Scheduling to Update Material Master Record	118
8.11.15.2.	Lead-Time Scheduling to Update Material Master Record — Scenario	119
8.11.15.3.	Lead-Time Scheduling to Update Material Master Record — Definition	119
8.11.15.4.	Lead-Time Scheduling to Update Material Master Record — Explanation.....	120
8.11.15.5.	Apply Lead-Time Scheduling and Material Master Updates	120
8.11.15.6.	Lead-Time Scheduling to Update Material Master Record — Knowledge Check	121
8.11.15.7.	Lead-Time Scheduling to Update Material Master Record — Knowledge Check	122
8.11.16.	Topic 3: Trigger Points	123
8.11.16.1.	Topic 3: Trigger Points	123
8.11.16.2.	Trigger Points — Scenario	123
8.11.16.3.	Trigger Points — Definition.....	124
8.11.16.4.	Trigger Points — Uses	124
8.11.16.5.	Trigger Points — Explanation.....	125
8.11.16.6.	Trigger Points — Knowledge Check	125
8.11.16.7.	Trigger Points — Knowledge Check	126
8.11.17.	Topic 4: Scrap in Routing (Production)	126
8.11.17.1.	Topic 4: Scrap in Routing (Production)	126
8.11.17.2.	Scrap in Routing — Scenario	127
8.11.17.3.	Scrap in Routing — Definition	127
8.11.17.4.	Scrap in Routing — Explanation	128
8.11.17.5.	Scrap in Routing — Scrap Categories and Their Effect.....	128
8.11.17.6.	Scrap in Routing — Explanation	129
8.11.17.7.	Scrap in Routing — Other Example	129
8.11.17.8.	Set Scrap in Production.....	130
8.11.17.9.	Scrap in Production — Knowledge Check	130
8.11.17.10.	Scrap in Production — Knowledge Check	131
8.11.17.11.	Lesson Summary.....	131
8.12.	Lesson 5: Production Resources and Tools	132

8.12.1.	Lesson 5: Production Resources and Tools.....	132
8.12.2.	Production Resources and Tools — Scenario	133
8.12.3.	Lesson Description	133
8.12.4.	Lesson Objectives	134
8.12.5.	Production Resources and Tools — Definition.....	134
8.12.6.	Production Resources and Tools — Applications	135
8.12.7.	Production Resources and Tools — Explanation.....	135
8.12.8.	Production Resources and Tools — Other Example.....	136
8.12.9.	Create Production Resources and Tools	136
8.12.10.	Production Resources and Tools — Knowledge Check.....	137
8.12.11.	Lesson Summary.....	138
9.	UNIT 4 – PLANNING.....	139
9.1.	Unit 4 – Planning.....	139
9.2.	Unit Description	140
9.3.	Unit Overview.....	140
9.4.	Lesson 1: Stock Requirements	141
9.4.1.	Lesson 1: Stock Requirements.....	141
9.4.2.	Lesson Description	142
9.4.3.	Lesson Overview	142
9.4.4.	Lesson Objectives	143
9.4.5.	Scenario Build-up	143
9.4.6.	Topic 1: Forecast Planning	144
9.4.6.1.	Topic 1: Forecast Planning.....	144
9.4.6.2.	Forecast Planning — Scenario.....	144
9.4.6.3.	Forecast Planning — Explanation	145
9.4.6.4.	Forecast Planning — Scenario.....	145
9.4.6.5.	Forecast Planning — Other Example	146
9.4.6.6.	Forecast Planning — Knowledge Check.....	146
9.4.7.	Topic 2: Planned Independent Requirements	147
9.4.7.1.	Topic 2: Planned Independent Requirements	147
9.4.7.2.	Planned Independent Requirements — Scenario	147
9.4.7.3.	Planned Independent Requirements — Explanation	148
9.4.7.4.	Planned Independent Requirements — Explanation	148
9.4.7.5.	Run the Production Planning Process with SAP ERP.....	149
9.4.7.6.	Planned Independent Requirements — Knowledge Check.....	149
9.4.7.7.	Planned Independent Requirements — Knowledge Check.....	150
9.4.7.8.	Lesson Summary.....	150
9.5.	Lesson 2: Customer Requirements	151
9.5.1.	Lesson 2: Customer Requirements.....	151
9.5.2.	Lesson Description	152
9.5.3.	Lesson Overview	152
9.5.4.	Lesson Objectives	153
9.5.5.	Topic 1: Sales Order Planning.....	154
9.5.5.1.	Topic 1: Sales Order Planning.....	154
9.5.5.2.	Sales Order Planning — Scenario.....	154
9.5.5.3.	Sales Order Planning — Explanation	155
9.5.5.4.	Sales Order Planning — Knowledge Check.....	155
9.5.6.	Topic 2: Customer Requirements.....	156
9.5.6.1.	Topic 2: Customer Requirements.....	156
9.5.6.2.	Customer Requirements — Scenario.....	156
9.5.6.3.	Customer Requirements — Explanation	157
9.5.6.4.	Customer Requirements — Knowledge Check.....	157
9.5.6.5.	Lesson Summary.....	158
9.6.	Lesson 3: Demand Planning / Management	159
9.6.1.	Lesson 3: Demand Planning / Management	159
9.6.2.	Lesson Description	160
9.6.3.	Lesson Overview	160

9.6.4.	Lesson Objectives	161
9.6.5.	Topic 1: Introduction to Demand Planning	162
9.6.5.1.	Topic 1: Introduction to Demand Planning	162
9.6.5.2.	Introduction to Demand Planning / Management — Scenario	162
9.6.5.3.	Introduction to Demand Planning / Management — Explanation	163
9.6.5.4.	Introduction to Demand Planning / Management — Knowledge Check	163
9.6.6.	Topic 2: Make-to-Stock (MTS).....	164
9.6.6.1.	Topic 2: Make-to-Stock (MTS).....	164
9.6.6.2.	Make-to-Stock (MTS) — Scenario.....	164
9.6.6.3.	Make-to-Stock (MTS) — Explanation	165
9.6.6.4.	Make-to-Stock (MTS) — Other Example.....	165
9.6.6.5.	Post Goods Issue in Make-to-Stock Production Strategy	166
9.6.6.6.	Make-to-Stock (MTS) — Knowledge Check.....	166
9.6.7.	Topic 3: Make-to-Order (MTO).....	167
9.6.7.1.	Topic 3: Make-to-Order (MTO).....	167
9.6.7.2.	Make-to-Order (MTO) — Scenario.....	167
9.6.7.3.	Make-to-Order (MTO) — Explanation	168
9.6.7.4.	Make-to-Order (MTO) — Other Example	168
9.6.7.5.	Make-to-Order (MTO) — Knowledge Check	169
9.6.8.	Topic 4: Availability Check.....	169
9.6.8.1.	Topic 4: Availability Check.....	169
9.6.8.2.	Availability Check — Scenario.....	170
9.6.8.3.	Availability Check — Explanation	170
9.6.8.4.	Availability Check — Explanation	171
9.6.8.5.	Availability Check — Explanation	171
9.6.8.6.	Availability Check — Knowledge Check.....	172
9.6.8.7.	Lesson Summary.....	172
9.7.	Lesson 4: Material Requirements Planning.....	173
9.7.1.	Lesson 4: Material Requirements Planning.....	173
9.7.2.	Lesson Description	174
9.7.3.	Lesson Overview	174
9.7.4.	Lesson Objectives	175
9.7.5.	Topic 1: Introduction to MRP	176
9.7.5.1.	Topic 1: Introduction to MRP	176
9.7.5.2.	Introduction to MRP — Scenario	176
9.7.5.3.	Introduction to MRP — Explanation	177
9.7.5.4.	Introduction to MRP — Explanation	177
9.7.5.5.	Introduction to MRP — Other Example	178
9.7.5.6.	Introduction to MRP — Knowledge Check	178
9.7.5.7.	Introduction to MRP — Knowledge Check	179
9.7.6.	Topic 2: Executing the MRP - Single Item Multi Level	180
9.7.6.1.	Topic 2: Executing the MRP - Single Item Multi Level	180
9.7.6.2.	Executing the MRP - Single Item Multi Level — Scenario	181
9.7.6.3.	Executing the MRP - Single Item Multi Level — Explanation	181
9.7.6.4.	Executing the MRP - Single Item Multi Level — Other Example	182
9.7.6.5.	Evaluate the Planning File Entries.....	182
9.7.6.6.	Executing the MRP - Single Item Multi Level — Knowledge Check	183
9.7.7.	Topic 3: Executing the MRP - Single Item Single Level	184
9.7.7.1.	Topic 3: Executing the MRP - Single Item Single Level	184
9.7.7.2.	Executing the MRP - Single Item Single Level — Scenario	185
9.7.7.3.	Executing the MRP - Single Item Single Level — Explanation	185
9.7.7.4.	Executing the MRP - Single Item Single Level — Other Example	186
9.7.7.5.	Executing the MRP - Single Item Single Level — Knowledge Check	186
9.7.8.	Topic 4: Firming Planned Orders.....	187
9.7.8.1.	Topic 4: Firming Planned Orders.....	187
9.7.8.2.	Firming Planned Orders — Scenario.....	187
9.7.8.3.	Firming Planned Orders — Explanation	188

9.7.8.4.	Firming Planned Orders — Explanation	188
9.7.8.5.	Firming Planned Orders — Explanation	189
9.7.8.6.	Apply Firming Mechanisms	189
9.7.8.7.	Firming Planned Orders — Knowledge Check.....	190
9.7.8.8.	Firming Planned Orders – Knowledge Check	190
9.7.8.9.	Lesson Summary.....	191
10.	UNIT 5 – PRODUCTION PROCESS	192
10.1.	Unit 5 – Production Process.....	192
10.2.	Unit Description	193
10.3.	Unit Overview.....	193
10.4.	Lesson 1: In-House Production Vs External Procurement	194
10.4.1.	Lesson 1: In-House Production Vs. External Procurement	194
10.4.2.	Lesson Description	195
10.4.3.	Lesson Objectives	195
10.4.4.	In-House Production Vs. External Procurement — Scenario.....	196
10.4.5.	In-House Production Vs. External Procurement — Scenario.....	197
10.4.6.	In-House Production Vs. External Procurement — Comparison	198
10.4.7.	In-House Production Vs. External Procurement — Scenario.....	199
10.4.8.	In-House Production Vs. External Procurement — Other Example.....	200
10.4.9.	In-House Production Vs. External Procurement — Knowledge Check.....	201
10.4.10.	In-House Production Vs. External Procurement — Summary	202
10.5.	Lesson 2: Order Creation	203
10.5.1.	Lesson 2: Order Creation	203
10.5.2.	Lesson Description	204
10.5.3.	Lesson Overview	204
10.5.4.	Lesson Objectives	205
10.5.5.	Topic 1: Production Order Based on a Planned Order.....	206
10.5.5.1.	Topic 1: Production Order Based on a Planned Order.....	206
10.5.5.2.	Production Order Based on a Planned Order — Scenario	207
10.5.5.3.	Production Order Based on a Planned Order — Definition.....	207
10.5.5.4.	Production Order Based on a Planned Order — Functions	208
10.5.5.5.	Production Order Based on a Planned Order — Scenario	208
10.5.5.6.	Production Order Based on a Planned Order — Scenario	209
10.5.6.	Topic 2: Production Order Without Planned Order.....	209
10.5.6.1.	Topic 2: Production Order Without Planned Order.....	209
10.5.6.2.	Production Order Without Planned Order — Scenario.....	210
10.5.6.3.	Production Order Without Planned Order — Definition.....	210
10.5.6.4.	Production Order Without Planned Order — Other Example.....	211
10.5.6.5.	Create a Production Order Without a Planned Order.....	211
10.5.6.6.	Production Order Without Planned Order — Knowledge Check.....	212
10.5.7.	Topic 3: Scheduling Production Orders.....	212
10.5.7.1.	Topic 3: Scheduling Production Orders.....	212
10.5.7.2.	Scheduling Production Orders — Scenario.....	213
10.5.7.3.	Scheduling Production Orders — Scenario.....	213
10.5.7.4.	Scheduling Production Orders — Introduction	214
10.5.7.5.	Master Data — Object Types	214
10.5.7.6.	Scheduling Production Orders — Scenario.....	215
10.5.7.7.	Scheduling Production Orders — Other Example	215
10.5.7.8.	Scheduling Production Orders — Scenario.....	216
10.5.7.9.	Analyze Scheduling of a Production Order	216
10.5.7.10.	Scheduling Production Orders — Knowledge Check.....	217
10.5.8.	Topic 4: Order Float Times.....	217
10.5.8.1.	Topic 4: Order Float Times.....	217
10.5.8.2.	Order Float Times — Scenario.....	218
10.5.8.3.	Order Float Times — Introduction	218
10.5.8.4.	Order Float Times — Scenario.....	219
10.5.8.5.	Order Float Times — Knowledge Check.....	219

10.5.9.	Topic 5: Duration of Operation Calculation	220
10.5.9.1.	Topic 5: Duration of Operation Calculation	220
10.5.9.2.	Duration of Operation Calculation — Scenario	220
10.5.9.3.	Duration of Operation Calculation — Scenario	221
10.5.9.4.	Duration of Operation Calculation — Introduction	221
10.5.9.5.	Duration of Operation Calculation — Time Elements.....	222
10.5.9.6.	Duration of Operation Calculation — Scenario	222
10.5.9.7.	Duration of Operation Calculation — Other Example.....	223
10.5.9.8.	Duration of Operation Calculation — Scenario	223
10.5.9.9.	Duration of Operation Calculation — Knowledge Check	224
10.5.10.	Topic 6: Production Order Costing (CO Integration)	224
10.5.10.1.	Topic 6: Production Order Costing (CO Integration)	224
10.5.10.2.	Production Order Costing (CO Integration) — Scenario	225
10.5.10.3.	Production Order Costing (CO Integration) — Explanation	225
10.5.10.4.	Production Order Costing (CO Integration) — Cost Terms.....	226
10.5.10.5.	Production Order Costing (CO Integration) — Scenario	226
10.5.10.6.	Analyze Costing of a Production Order	227
10.5.10.7.	Production Order Costing (CO Integration) — Knowledge Check	227
10.5.10.8.	Production Order Costing (CO Integration) — Knowledge Check	228
10.5.10.9.	Lesson Summary.....	228
10.6.	Lesson 3: Order Release	229
10.6.1.	Lesson 3: Order Release.....	229
10.6.2.	Lesson Description	230
10.6.3.	Lesson Overview	230
10.6.4.	Lesson Objectives	231
10.6.5.	Topic 1: Material Availability Check.....	232
10.6.5.1.	Topic 1: Material Availability Check.....	232
10.6.5.2.	Material Availability Check — Scenario.....	232
10.6.5.3.	Material Availability Check — Scenario.....	233
10.6.5.4.	Material Availability Check — Explanation	233
10.6.5.5.	Material Availability Check — Scenario.....	234
10.6.5.6.	Check Material Availability.....	234
10.6.5.7.	Material Availability Check — Knowledge Check.....	235
10.6.6.	Topic 2: Capacity Availability Check.....	235
10.6.6.1.	Topic 2: Capacity Availability Check.....	235
10.6.6.2.	Capacity Availability Check — Scenario	236
10.6.6.3.	Capacity Availability Check — Explanation.....	236
10.6.6.4.	Capacity Availability Check — Scenario	237
10.6.6.5.	Capacity Availability Check — Scenario	237
10.6.6.6.	Capacity Availability Check — Other Example.....	238
10.6.6.7.	Capacity Availability Check — Knowledge Check.....	238
10.6.7.	Topic 3: Production Resources and Tools (PRT) Availability.....	239
10.6.7.1.	Topic 3: Production Resources and Tools (PRT) Availability.....	239
10.6.7.2.	Production Resources and Tools (PRT) Availability — Scenario.....	240
10.6.7.3.	Production Resources and Tools (PRT) Availability — Explanation	240
10.6.7.4.	Production Resources and Tools (PRT) Availability — Scenario.....	241
10.6.7.5.	Production Resources and Tools (PRT) Availability — Knowledge Check.....	241
10.6.8.	Topic 4: Capacities Planning.....	242
10.6.8.1.	Topic 4: Capacities Planning	242
10.6.8.2.	Capacities Planning — Scenario	242
10.6.8.3.	Capacities Planning — Scenario	243
10.6.8.4.	Capacities Planning — Methods and Objectives	243
10.6.8.5.	Capacities Planning — Process in CRP.....	244
10.6.8.6.	Capacities Planning — Scenario	244
10.6.8.7.	Capacities Planning — Scenario	245
10.6.8.8.	Plan Capacities for Production Orders	245
10.6.8.9.	Capacities Planning — Knowledge Check.....	246

10.6.9.	Topic 5: Releasing Production Order	246
10.6.9.1.	Topic 5: Releasing Production Order	246
10.6.9.2.	Releasing Production Order — Scenario	247
10.6.9.3.	Releasing Production Order — Explanation.....	247
10.6.9.4.	Releasing Production Order — Scenario	248
10.6.9.5.	Release a Production Order	248
10.6.9.6.	Releasing Production Order — Knowledge Check	249
10.6.9.7.	Lesson Summary.....	249
10.7.	Lesson 4: HCM's Role in Capacity Planning	250
10.7.1.	Lesson 4: HCM's Role in Capacity Planning	250
10.7.2.	Lesson Description	251
10.7.3.	Lesson Objectives	251
10.7.4.	HCM's Role in Capacity Planning — Scenario.....	252
10.7.5.	HCM's Role in Capacity Planning — Scenario.....	252
10.7.6.	HCM's Role in Capacity Planning — Explanation	253
10.7.7.	HCM's Role in Capacity Planning — Scenario	253
10.7.8.	HCM's Role in Capacity Planning — Scenario.....	254
10.7.9.	HCM's Role in Capacity Planning — Scenario.....	254
10.7.10.	HCM's Role in Capacity Planning — Scenario.....	255
10.7.11.	HCM's Role in Capacity Planning — Scenario.....	255
10.7.12.	HCM's Role in Capacity Planning — Other Example.....	256
10.7.13.	HCM's Role in Capacity Planning — Knowledge Check.....	257
10.7.14.	Lesson Summary.....	258
10.8.	Lesson 5: Asset Management and Maintenance Role in Capacity Planning	259
10.8.1.	Lesson 5: Asset Management and Maintenance Role in Capacity Planning.....	259
10.8.2.	Lesson Description	260
10.8.3.	Asset Management and Maintenance Role in Capacity Planning — Objectives.....	261
10.8.4.	Asset Management and Maintenance Role in Capacity Planning — Scenario	262
10.8.5.	Asset Management and Maintenance Role in Capacity Planning — Scenario	263
10.8.6.	Asset Management and Maintenance Role in Capacity Planning — Definition.....	264
10.8.7.	Asset Management and Maintenance Role in Capacity Planning — Purposes	265
10.8.8.	Asset Management and Maintenance Role in Capacity Planning — Scenario	266
10.8.9.	Asset Management and Maintenance Role in Capacity Planning — Other Example.....	267
10.8.10.	Asset Management and Maintenance Role in Capacity Planning — Knowledge Check.....	268
10.8.11.	Lesson Summary.....	269
10.9.	Lesson 6: Role of Plant Maintenance in Production Capacity Planning	270
10.9.1.	Lesson 6: Role of Plant Maintenance in Production Capacity Planning	270
10.9.2.	Lesson Description	271
10.9.3.	Lesson Objectives	271
10.9.4.	Role of Plant Maintenance in Production Capacity Planning — Scenario	272
10.9.5.	Role of Plant Maintenance in Production Capacity Planning — Explanation	273
10.9.6.	Role of Plant Maintenance in Production Capacity Planning — Scenario	274
10.9.7.	Role of Plant Maintenance in Production Capacity Planning — Other Example	275
10.9.8.	Role of Plant Maintenance in Production Capacity Planning — Knowledge Check	276
10.9.9.	Lesson Summary.....	277
10.10.	Lesson 7: Printing Production Order	278
10.10.1.	Lesson 7: Printing Production Order	278
10.10.2.	Lesson Description	279
10.10.3.	Lesson Objectives	279
10.10.4.	Printing Production Order — Scenario	280
10.10.5.	Printing Production Order — Explanation	280
10.10.6.	Printing Production Order — Scenario	281
10.10.7.	Printing Production Order — Other Example	281
10.10.8.	Print Order Documents.....	282
10.10.9.	Printing Production Order — Knowledge Check	282
10.10.10.	Lesson Summary.....	283
10.11.	Lesson 8: Material Staging (Goods Issue for Production) — MM Integration.....	284

10.11.1.	Lesson 8: Material Staging (Goods Issue for Production) — MM Integration	284
10.11.2.	Lesson Description	285
10.11.3.	Lesson Overview	285
10.11.4.	Lesson Objectives	286
10.11.5.	Material Staging — Scenario	286
10.11.6.	Material Staging — Scenario	287
10.11.7.	Material Staging — Introduction	287
10.11.8.	Material Staging — Pull List	288
10.11.9.	Material Staging — Kanban	288
10.11.10.	Material Staging — Material Staging With Kanban	289
10.11.11.	Material Staging — Advantages of Kanban	289
10.11.12.	Material Staging — Scenario	290
10.11.13.	Material Staging — Other Example	290
10.11.14.	Stage Material for Production Orders Using the Pull List	291
10.11.15.	Stage Material for Production Orders Using KANBAN	292
10.11.16.	Perform Goods Issue for Production Order	293
10.11.17.	Material Staging — Knowledge Check	293
10.11.18.	Lesson Summary	294
10.12.	Lesson 9: Confirmation	295
10.12.1.	Lesson 9: Confirmation	295
10.12.2.	Lesson Description	296
10.12.3.	Lesson Objectives	296
10.12.4.	Confirmation — Scenario	297
10.12.5.	Confirmation — Explanation	297
10.12.6.	Confirmation — Scenario	298
10.12.7.	Confirm Production Orders	298
10.12.8.	Confirmation — Knowledge Check	299
10.12.9.	Lesson Summary	299
10.13.	Lesson 10: Goods Receipt (Finished Product) - MM Integration	300
10.13.1.	Lesson 10: Goods Receipt (Finished Product) - MM Integration	300
10.13.2.	Lesson Description	301
10.13.3.	Goods Receipt (Finished Product) - MM Integration — Objectives	302
10.13.4.	Goods Receipt (Finished Product) - MM Integration — Scenario	303
10.13.5.	Goods Receipt (Finished Product) - MM Integration — Definition	304
10.13.6.	Goods Receipt (Finished Product) - MM Integration — Explanation	305
10.13.7.	Post Goods Receipt (MB1C / MIGO)	306
10.13.8.	Goods Receipt (Finished Product) - MM Integration — Knowledge Check	307
10.13.9.	Lesson Summary	308
10.13.10.	Scenario Build-up	308
10.14.	Lesson 11: Order Settlement (CO Integration)	309
10.14.1.	Lesson 11: Order Settlement (CO Integration)	309
10.14.2.	Lesson Description	310
10.14.3.	Lesson Objectives	310
10.14.4.	Order Settlement (CO Integration) — Scenario	311
10.14.5.	Order Settlement (CO Integration) — Definition	311
10.14.6.	Order-related Vs. Product-related — Comparison	312
10.14.7.	Order Settlement (CO Integration) — Explanation	312
10.14.8.	Order Settlement (CO Integration) — Knowledge Check	313
10.14.9.	Lesson Summary	314
10.15.	Lesson 12: Archiving and Deletion of Production Orders	315
10.15.1.	Lesson 12: Archiving and Deletion of Production Orders	315
10.15.2.	Lesson Description	316
10.15.3.	Lesson Objectives	316
10.15.4.	Archiving and Deletion of Production Orders — Scenario	317
10.15.5.	Archiving and Deletion of Production Orders — Explanation	318
10.15.6.	Archiving and Deletion of Production Orders — Scenario	319
10.15.7.	Archive and Delete Production Orders	320

10.15.8. Archiving and Deletion of Production Orders — Knowledge Check	321
10.15.9. Lesson Summary	322
11. UNIT 6 – PROCESS INDUSTRY	323
11.1. Unit 6 – Process Industry	323
11.2. Unit Description	324
11.3. Unit Overview	324
11.4. Lesson 1: Production Planning Concepts in Process Industry	325
11.5. Lesson Description	326
11.6. Lesson Overview	326
11.7. Lesson Objectives	327
11.8. Process Industry — Scenario	327
11.9. Topic 1: Introduction	328
11.9.1. Topic 1: Introduction	328
11.9.2. Process Industry — Definition	329
11.9.3. Process Industry — Characteristics	329
11.9.4. Process Industry — Explanation	330
11.9.5. Process Industry — Other Example	330
11.9.6. Process Industry — Knowledge Check	331
11.10. Topic 2: Master Data	332
11.10.1. Topic 2: Master Data	332
11.10.2. Master Data — Scenario	333
11.10.3. Master Data — Definition	333
11.10.4. Master Data — Object Types	334
11.10.5. Master Data — Explanation	334
11.10.6. Master Data — Other Example	335
11.10.7. Analyze Master Data for Process Orders	335
11.10.8. Master Data — Knowledge Check	336
11.10.9. Scenario Build-up	336
11.11. Flow Chart — Process Industry	337
11.12. Topic 3: Order Creation	338
11.12.1. Topic 3: Order Creation	338
11.12.2. Order Creation — Scenario	339
11.12.3. Order Creation — Definition	339
11.12.4. Order Creation — Options	340
11.12.5. Order Creation — Explanation	340
11.12.6. Order Creation — Scenario	341
11.12.7. Order Creation — Other Example	341
11.12.8. Create Process Order With Planned Order	342
11.12.9. Order Creation — Knowledge Check	342
11.13. Flow Chart — Process Industry	343
11.14. Topic 4: Order Release	344
11.14.1. Topic 4: Order Release	344
11.14.2. Order Release — Scenario	345
11.14.3. Order Release — Definition	345
11.14.4. Order Release — Activities	346
11.14.5. Order Release — Explanation	346
11.14.6. Order Release — Scenario	347
11.14.7. Order Release — Other Example	347
11.14.8. Release Process Order (COR5)	348
11.14.9. Order Release — Knowledge Check	348
11.15. Flow Chart — Process Industry	349
11.16. Topic 5: Detailed Planning	350
11.16.1. Topic 5: Detailed Planning	350
11.16.2. Detailed Planning — Scenario	351
11.16.3. Detailed Planning — Definition	351
11.16.4. Detailed Planning — Features	352
11.16.5. Detailed Planning — Explanation	352

11.16.6.	Detailed Planning — Other Example.....	353
11.16.7.	Detailed Planning — Knowledge Check.....	353
11.17.	Flow Chart — Process Industry	354
11.18.	Topic 6: Availability Checks	355
11.18.1.	Topic 6: Availability Checks.....	355
11.18.2.	Availability Checks — Scenario.....	356
11.18.3.	Availability Checks — Definition	356
11.18.4.	Availability Checks — Features.....	357
11.18.5.	Availability Checks — Explanation	357
11.18.6.	Availability Checks — Knowledge Check.....	358
11.19.	Flow Chart — Process Industry	358
11.20.	Topic 7: Process Management.....	359
11.20.1.	Topic 7: Process Management.....	359
11.20.2.	Process Management — Scenario.....	360
11.20.3.	Process Management — Definition	360
11.20.4.	Process Management — Functions	361
11.20.5.	Process Management — Explanation	361
11.20.6.	Process Management — Scenario.....	362
11.20.7.	Process Management — Knowledge Check.....	362
11.21.	Flow Chart — Process Industry	363
11.22.	Topic 8: Material Staging	364
11.22.1.	Topic 8: Material Staging.....	364
11.22.2.	Material Staging — Scenario.....	365
11.22.3.	Material Staging — Definition	365
11.22.4.	Material Staging — Explanation	366
11.22.5.	Material Staging — Other Example.....	366
11.22.6.	Material Staging — Knowledge Check.....	367
11.23.	Flow Chart — Process Industry	367
11.24.	Topic 9: Confirmation.....	368
11.24.1.	Topic 9: Confirmation	368
11.24.2.	Confirmation — Scenario	369
11.24.3.	Confirmation — Definition.....	369
11.24.4.	Confirmation — Types.....	370
11.24.5.	Confirmation — Explanation.....	370
11.24.6.	Confirmation — Other Example.....	371
11.24.7.	Confirmation — Knowledge Check.....	371
11.24.8.	Scenario Build-up	372
11.25.	Topic 10: Production in Compliance with GMP	373
11.25.1.	Topic 10: Production in Compliance with GMP	373
11.25.2.	Production in Compliance with GMP — Explanation	374
11.25.3.	Production in Compliance with GMP — Definition	374
11.25.4.	Production in Compliance with GMP — Options	375
11.25.5.	Production in Compliance with GMP — Tools	375
11.25.6.	Production in Compliance with GMP — Knowledge Check	376
11.25.7.	Scenario Build-up	377
11.25.8.	Lesson Summary.....	377
12.	UNIT 7 – REPETITIVE MANUFACTURING	378
12.1.	Unit 7 – Repetitive Manufacturing.....	378
12.2.	Unit Description	379
12.3.	Unit Overview.....	379
12.4.	Lesson 1: Production Planning Concepts in Repetitive Manufacturing.....	380
12.5.	Lesson Description	381
12.6.	Lesson Overview	381
12.7.	Lesson Objectives	382
12.8.	Repetitive Manufacturing — Scenario.....	382
12.9.	Topic 1 – Introduction	383
12.9.1.	Topic 1: Introduction	383

12.9.2.	Repetitive Manufacturing — Definition	384
12.9.3.	Repetitive Manufacturing — Characteristics	384
12.9.4.	Repetitive Manufacturing — Explanation	385
12.9.5.	Repetitive Manufacturing — Other Example	385
12.9.6.	Repetitive Manufacturing — Knowledge Check	386
12.9.7.	Repetitive Manufacturing — Knowledge Check	386
12.10.	Topic 2: Master Data	387
12.10.1.	Topic 2: Master Data	387
12.10.2.	Master Data — Scenario	388
12.10.3.	Master Data — Definition	388
12.10.4.	Master Data for Repetitive Manufacturing	389
12.10.5.	Master Data — Objects	389
12.10.6.	Master Data — Explanation	390
12.10.7.	Check the Material Master of Repetitive Manufacturing	391
12.10.8.	Check the Bill of Material for Repetitive Manufacturing	392
12.10.9.	Check the Routing of Repetitive Manufacturing	393
12.10.10.	Verify Material Master Setting for Repetitive Manufacturing	394
12.10.11.	Master Data — Knowledge Check	395
12.11.	Topic 3: Production in REM	396
12.11.1.	Topic 3: Production in REM	396
12.11.2.	Production in REM — Scenario	397
12.11.3.	Production in REM — Definition	397
12.11.4.	Production in REM — Process Flow	398
12.11.5.	Production in REM — Process Flow	398
12.11.6.	Production in REM — Process Flow	399
12.11.7.	Production in REM — Explanation	399
12.11.8.	Production in REM — Other Example	400
12.11.9.	Create a Production Program for Repetitive Manufacturing	401
12.11.10.	Production in REM — Knowledge Check	402
12.11.11.	Production in REM — Knowledge Check	402
12.12.	Topic 4: Planning Line Loading	403
12.12.1.	Topic 4: Planning Line Loading	403
12.12.2.	Planning Line Loading — Scenario	404
12.12.3.	Planning Line Loading — Definition	404
12.12.4.	Planning Line Loading — Explanation	405
12.12.5.	Planning Line Loading — Options	405
12.12.6.	Planning Line Loading — Explanation	406
12.12.7.	Perform Line loading in Repetitive Manufacturing	406
12.12.8.	Planning Line Loading — Knowledge Check	407
12.13.	Topic 5: Material Staging and Confirmation	408
12.13.1.	Topic 5: Material Staging and Confirmation	408
12.13.2.	Material Staging and Confirmation — Scenario	409
12.13.3.	Material Staging and Confirmation — Definition	409
12.13.4.	Material Staging and Confirmation — Options	410
12.13.5.	Material Staging and Confirmation — Explanation	410
12.13.6.	Perform Material Staging for Repetitive Manufacturing	411
12.13.7.	Material Staging and Confirmation — Knowledge Check	412
12.14.	Topic 6: Integrating Costing and Controlling	413
12.14.1.	Topic 6: Integrating Costing and Controlling	413
12.14.2.	Integration Costing and Controlling — Scenario	414
12.14.3.	Integration Costing and Controlling — Definition	414
12.14.4.	Integration Costing and Controlling — Explanation	415
12.14.5.	Integration Costing and Controlling — Explanation	415
12.14.6.	Integration Costing and Controlling — Other Example	416
12.14.7.	Integration Costing and Controlling — Knowledge Check	417
12.14.8.	Integration Costing and Controlling — Knowledge Check	418
12.14.9.	Lesson Summary	419

13. UNIT 8 – QUALITY MANAGEMENT	420
13.1. Unit 8 – Quality Management	420
13.2. Unit Description	421
13.3. Unit Overview	421
13.4. Lesson 1: Quality Management Concepts in Production Planning	422
13.5. Lesson Description	423
13.6. Lesson Overview	423
13.7. Lesson Objectives	424
13.8. Quality Management — Scenario	424
13.9. Topic 1: Equipment Calibration	425
13.9.1. Topic 1: Equipment Calibration	425
13.9.2. Equipment Calibration — Definition	426
13.9.3. Equipment Calibration — Explanation	426
13.9.4. Equipment Calibration — Other Example	427
13.9.5. Equipment Calibration — Knowledge Check	427
13.9.6. Equipment Calibration — Knowledge Check	428
13.10. Topic 2: In-process Inspection	429
13.10.1. Topic 2: In-process Inspection	429
13.10.2. In-process Inspection — Scenario	430
13.10.3. In-process Inspection — Definition	430
13.10.4. In-process Inspection — Process Steps	431
13.10.5. In-process Inspection — Explanation	431
13.10.6. In-process Inspection — Knowledge Check	432
13.10.7. Lesson Summary	432
14. UNIT 9 – FUTURE OF ERP SPECIFIC TO PP	433
14.1. Unit 9 – Future of ERP Specific to PP	433
14.2. Unit Description	434
14.3. Unit Overview	434
14.4. Lesson 1: SAP ERP	435
14.5. Lesson Description	435
14.6. Lesson Objectives	436
14.7. Lesson 1: SAP ERP	437
14.7.1. Lesson 1: SAP ERP	437
14.7.2. SAP ERP Specific to Production Planning — Scenario	438
14.7.3. SAP ERP Specific to Production Planning — Scenario	439
14.7.4. SAP ERP Specific to Production Planning — Scenario	440
14.7.5. SAP ERP Specific to Production Planning — Explanation	441
14.7.6. SAP ERP Specific to Production Planning — Scenario	442
14.7.7. Lesson Summary	443
14.8. Lesson 2: SAP S/4HANA	444
14.8.1. Lesson 2: SAP S/4HANA	444
14.8.2. Lesson Description	445
14.8.3. Lesson Overview	445
14.8.4. Lesson Objectives	446
14.8.5. Topic 1: SAP S/4HANA Overview and Benefits	447
14.8.5.1. Topic 1: SAP S/4HANA Overview and Benefits	447
14.8.5.2. SAP S/4HANA — Overview	447
14.8.5.3. SAP S/4HANA — Facts	448
14.8.5.4. SAP S/4HANA — Benefits	448
14.8.5.5. SAP S/4HANA Business Suite — Key Features	449
14.8.5.6. SAP ERP vs. SAP S/4HANA — Benefits	449
14.8.5.7. SAP ERP Specific to Production Planning — Explanation	450
14.8.6. Topic 2: SAP S/4HANA Simple Logistics	450
14.8.6.1. Topic 2: SAP S/4HANA Simple Logistics	450
14.8.6.2. SAP S/4HANA Simple Logistics — Scenario	451
14.8.6.3. SAP S/4HANA Simple Logistics — Overview	451
14.8.6.4. SAP S/4HANA Simple Logistics — Benefits	452

14.8.6.5. SAP S/4HANA Simple Logistics — Advantages	452
14.8.6.6. SAP S/4HANA Simple Logistics — Scenario	453
14.8.6.7. Lesson Summary.....	453
14.9. Thank You	454
